

I believe K-love is a assest to the community. The music on K-love is encouraging and uplifting. It gives us music that has values to listen to. Gives us current news about local and world events. It's a commerical free station, No more listing to 3-5 minutes of advertisment to listen to music. Gives people the choice of listening to christian music.

Firm supporter of K-love (Thank You),  
Erica McElderry
